

ABOUT US

About Us

Brix Biopharma venture of Dheer Health Care, Dheer Health Care a major player in the pharmaceutical industry supplying worldwide Pharmaceutical Products with a quality assured range. Under the strict inspection of quality controls, our drugs are processed with only premium quality ingredients. Now enter the manufacturing & R&D division under the name of Brix Biopharma.

After gaining the confidence of top doctors, we ensure that our drugs are one of the best in the industry or market.

Since we are a WHO-GMP CERTIFIED COMPANY & ISO 9001:2015, it is possible to trust our wide range of pharmaceutical products without discrimination.

Our product portfolio includes Manufacturing Services for Pharmaceutical Tablets, Manufacturing Services for Pharmaceutical Capsules, and Manufacturing Services for Pharmaceutical Syrups. In an eco-friendly unit, we adhere to environmental protection protocols and process our drugs.

We cover the vast fields of Antibacterials, Antidiabetics, Analgesics, Antifungals, Antipsychotics, Antiasthmatics, Antacids, Antimalarials, Cardiovasculars, Cosmeceuticals, Gastrointestinals, Skin Care, Psychotropic and Nutraceuticals.

We vowed to only employ highly qualified chemists and pharmaceutical vendors who were shortlisted based on their credibility and past track record.

Our drugs are also examined clinically by a team of experts following the guidelines of the Indian Medical Association (IMA).

We are committed to delivering healthier lives with cost effective medicines. Many medicines ' high cost puts them out of reach of millions of people who need them desperately. We take very seriously our duty as a multinational pharmaceutical company to help alleviate the burden of illness on individuals and the environment. By means of our generic business.

DIRECTOR MESSAGE

Director Message

From its inception in 2011, we believe that quality is an ongoing process of building and sustaining relationships by assessing, anticipating and fulfilling the specific and implied needs.

Brix Biopharma has always believed in providing its customers with the best quality product, resulting in customer satisfaction.

We are sure that the Indian pharmaceutical industry's scope is very bright with adherence to the quality product delivery with the adaptation of new innovative methods and research and development.

We would like to see Indian pharmaceutical companies setting up a worldwide niche industry.

Our pride is what we have, and our passion is what we strive for. With the skilled team of qualified people and full focus on quality adherence, we're proud of everything we're striving for.

More than anything else, we are looking forward to launching our wide range of primarily pharmaceutical pills, pharmaceutical capsules, pharmaceutical dry syrups, pharmaceutical syrups and suspension products, pharmaceutical ointments. Our production facility was designed around by checked industry standards with quality research and development, quality control and assurance.

Our goal at Brix Biopharma is to "let all our efforts be made to produce quality products."

OUR TEAM

Our Team

Brix biopharma is made up of experts from fields such as chemists, microbiologists, physicists, pharmacologists, and business managers.

We are supported by a group of ethical professionals, who have been hired on the basis of their extensive knowledge and experience in the field. A vastly experienced team leader leads each of our sub-units.

OUR TEAM IS MADE UP OF :

- ◆ Chemists
- ◆ Pharmacists
- ◆ Laboratory Assistants
- ◆ Skilled Laborers
- ◆ Sales & Marketing Experts
- ◆ Warehousing & Packaging workers

OUR GLOBAL PRESENCE

Our Global Presence

Over the past 9 years, we have started our global marketing and established our presence in many international markets. All products focus on their quality and price to enhance our markets and sustained sales maintenance. A wide range of our products exported worldwide to meet people's health needs in countries

We have about 300 to 400 products from the Psychiatry, Neurology, Cardiology, Gastroenterology and Diabetology segments, for which both domestic and international markets are increasingly in demand.

We are also participating in tenders of pharmaceutical formulations issues by Govt. Dept. of overseas countries.

As a result of our timely and effective delivery, customer satisfaction orientation and personal customization of products to suit specific needs, we have achieved worldwide recognition within a very short time for our services and products.

WHY CHOOSE US

Why Choose Us

We're working to make this world a healthier place. Working in the pharmaceutical industry over the years, we understand our customers' requirements, thus delivering the exclusive medicine range. For quality, ethical business practices and commitment, our customers trust us.

PRODUCTION SCALE

As a manufacturer, we support both consumers and customers. We choose the cost-effective production method and are therefore passed on to consumers in low-cost, high volumes.

TECH SAVVY COMPANY

As the leading pharmaceutical company, we are constantly updating the technology to bring about a positive change in the products that support both consumers and customers.

COMPLIANCE AND REGULATORY CAPABILITIES

Pharmacists' team work together on regulatory documents, bio-equivalence, and drug approvals.

Assist customers with a wide range of pharmaceutical quality and marketing benefits to create a win - win situation.

Manufactured products are monitored by experts in quality control, inspection team, and testing procedures.

PRODUCT PORTFOLIO EXCLUSIVE

Innovative and effective formulations portfolio Increase the team to develop new products.

High-end machinery is used for generic drug development.

The product delivery system has been chosen by new forms of transport.

An analytical development laboratory supports R&D.

QUALITY AND MANAGEMENT

Our products are manufactured in accordance with Schedule M units.

By delivering a result-oriented product range, we set an impressive track record.

We focused on meeting customer requirements, which ultimately leads to quality assurance.

Our team ensures that medicines of superior quality are produced with the customer-centered approach.
